HOW IT ALL STARTED!

Over 30 years ago, Jim Disbrow and Scott Lowery wanted some New York style wings. However, they were in Ohio.

In 1982, wanting those wings meant either buying a plane ticket to New York or making your own restaurant... Thank God they chose the second one!

The atmosphere of the restaurant came to how it is today because one man wanted to watch the Ohio State game instead of music videos that they usually played. After that day, sports always won over videos.
