Disproportionality & Disparity

Disproportionality –

Occurs when the percentage of a group of children in a population is different from the percentage of the same group in the child welfare system.

For example, if 25% of the children in a county were African American, then 25% of those in foster care should be African American, all things being equal. That would be proportional. If these percentages differ there is disproportionality.

Disparity –

Unequal treatment or outcomes when comparing children of color to non-minority children.

For example, if 30% of Hispanic children who are indicated are then placed into care, but only 15% of White children who are indicated are then placed into care, there is a disparity in the risk of entering placement, with Hispanic children at twice the risk to be placed into care outside their homes after indications.

Disparity & Disproportionality examined at 4 critical points:

- Indicated Cases
- Entries into Care (Child Data, by race)
- Child Goal
- Permanencies

Racial Disparity: Case Indications

Disparity Ratio* for Indications [FY 15-16]

Action Team	FY12-13	FY13-14	FY14-15	FY15-16	FY16-17

Action Team Development: *Activities, Goals, Outcomes*

About Madison Action Team (FY19)

- Chairs/Co-Chairs *(as of June 30th)*
 - Sheila Reed – date of term
- *Has 44 action team members*

Goals (FY19)

- Create Court Subcommittee due to large amounts of court-specific issues
- Looking for references for youth violence prevention
- Restore Network

Annual Activities (FY19)

- Team meetings are held quarterly.

Concerns/Barriers (FY19)

Concerns/Barriers

- Maintain current level of action team engagement and leadership
- Recruit additional Action Team Co-Chair and potentially an active community stakeholder
- No Current data supplied by Division to assess current service data trends and updates on permanency numbers for region
- Previous data reported Madison showed higher racial disparities than other counties in Southern Region (2014); thus being able to track progress is critical for this team

RESPONSE to Concerns/Barriers

- Solicit and await the arrival of updated data to continue to assess area permanency trends
- Action Team continues to identify and address issues among racial disparities, child welfare, and permanency within region
- Ask for volunteers and potential stakeholders who might be interested in Co-Chair position next Action Team Meeting

Outcomes (FY19)

- Where are they now with their goals or work
- Add
- Add
- Add

Future Directions (FY19)

- Sustain Action Team Membership as well as attendance (i.e. Continue quarterly Action Team Meetings) – Next Meeting, June 14, 2017 (Wood River Ministries)
- Continue to foster development of Court Subcommittee
- Acquire Co-Chair to assist with facilitation
- Implement survey to assess support needs of 'Action Team' to garner ongoing specified support from University partner which will further specify work with local community
- Solicit and await the arrival of updated data to continue to assess area permanency trends
