

Permanency Enhancement Project Annual Update

Southern Region Olney Action Team

*This report provides an update of all PEP activities of the **Olney Action Team** during Fiscal Year 2015. Information herein is based off of communication and correspondence with key Action Team members. These individuals potentially include action team lead contact persons, PEP regional staff, other division employees, area community members, and families involved in the PEP initiative in the related counties.*

Overview

Due to a delay in the release of funds from the Department of Children and Family Services to the University Partner, SIUE, this fiscal year report does not capture Quarter 1 and Quarter 2 activities.

In Quarter 3, the Division worked with the University Partner (Southern Illinois University Edwardsville- SIUE) to retain faculty researchers and graduate students (who serve in the role of PEP Action Team Community Liaisons) to explore trends in racial disparity and disproportionality as it impacts permanency in the Southern Region of Illinois.

In the month of January, the division provided county level permanency data dating back to Quarter 1 (July 2014-September 2014) and Quarter 2 (October 2014 – December 2014) to SIUE, so that the University research team could analyze trends in permanencies, by age and race, over the periods in question. In the month of May, the division provided permanency data for Quarter 3 (January 2015 – March 2015). This data analysis is provided in a supplementary report including a narrative and Powerpoint Presentation.

In Quarter 4, the University Research Team continued to analyze trends in permanencies, by age and race. They also worked intimately with the action team to increase membership, monitor activities, and develop initiative to further enhance their works to reduce disparity and disproportionality within the child welfare system.

In addition to analyzing permanency data, the PEP Community Liaisons (University graduate assistants) contacted representatives who had been identified as leaders of the **Olney Action**

Team and explored PEP goal accomplishments and activities. Communication with the following individuals occurred on the following dates:

Name	Role in DCFS or PEP Action Team	Date(s) of Contact
Connie Luthe	Supervisor, Action Team Co-Chair	04/13/2015, 04/24/2015, 04/28/2015, 05/14/2015, 06/29/2015

Action Team Status

Explanation Early interactions with the Olney Action Team revealed that it was inactive due to a recent high turn over rate where members have retired, or transferred to other agencies. As of the end of Fiscal Year 2015, the Action Team is still inactive. Nonetheless there are aggressive attempts by division leaders to shift the Action Team to an active status. In particular there are efforts to identify a new Action Team leader, as Connie Luthe will be retiring from the department during Fiscal Year 2016.

Annual Action Team Activities

Team meeting(s) held: None

Annual Action Team Goals

1. Revitalize the Action Team
 - a. Identify a new Action Team co-chair
 - b. Recruit new members
 - c. Confirm action team contact list
 - d. Set up meetings
 - e. Outline action team goals and purpose
2. Continue to present appropriate data analysis for the quarter
3. Keep communication open between members

Fiscal Year 2016 Intentions

For the next fiscal year, the Action Team plans to pursue the following:

1. Action Team Revitalization

The University Partner will continue to support these efforts by:

1. By helping the action team understand data trends

Olney Action Team

Goal Trends

Permanencies

- Due to the population demographics the majority of children served are White. Thus there is not sufficient data from other groups to make comparisons.
- Reunifications decreased for White children from Q1 to Q3.
